QGP Community Center Development News from President, Scott Pegrum

The community centre construction is progressing well and the utility connections and foundation are now complete. The framing and exterior is being worked on currently. We expect the move in date to be December. For those of us in the general vicinity there has been some very real inconveniences, especially with the construction due to compacting, sewer connections, etc. Thank you for surviving these with grace and patience.

Decontamination Update from President, Scott Pegrum

The decontamination process required the excavation of a small open pit mine that went down a long long way (60 feet by my estimate). I can attest to the fact that we live on a lot of deep clay. The area has been backfilled and we are in a 6 month period of environmental monitoring before the next stage of the project can proceed. Those of us in the vicinity had the joy of dust, noise, and clash of giant metal beams being dropped. A big thank you for patiently surviving the decontamination.

Fall Registration – Contact program coordinators

Fall programs begin this September. There will be no registration evening this Fall. Instead, please contact your program coordinator directly. Some programs include; Pilates, Scouting, Guiding, Karate, Yoga, and Tai Chi. Detailed information on programs can be found at www.qualicum.org.

Say What?

Fall Safety

September is upon us. As we say good-bye to a glorious summer, we find ourselves in heavier traffic with students returning to school and adults heading back to work after holidays. Please drive safely this fall and be mindful of school buses and especially of young pedestrians as they learn the rules of the road.

Neighbourhood Watch

Recent information from neighbours and our Community Police Officer indicates that theft from vehicles continues in our community. If vehicles are left outside, ensure that nothing attractive is left in view. Lock your vehicles at all times when not attended. Should crime against your property occur, it is essential to report it immediately to the Police Service. Police analyse these reports, and more reports could mean more patrols into our community. Always keep these numbers handy; **Crime in Progress 911, Suspicious activity (613) 230-6211**, any **other crime (613) 236-1222 Ext 7300**. Consult the Red Section of the Telephone Directory for more details.
